Fiscal Analysis

ASSUMPTIONS:

1. Signs would only be required near border crossings.
2. Signs would be incorporated with the current seat belt buckle up sign.
3. Montana Department of Transportation would be able to use current sign supports and bases for interstate signs.
4. Due to the size of the sign and for safety, supports and breakaway bases would be required for primary and secondary signs.
5. If more wording is required, a single post sign would not be able to carry the sign.
